SUMMARY

Experienced full-stack web developer utilizing a leadership background to create an engaging and innovative online user experience. Earned a certificate in full stack web development from the University of Central Florida, with enhanced skills in JavaScript, HTML, CSS, MySQL, MondoDB, Node.js, React.js and progressive web applications. Successfully rebranded a non-profit organization's website which increased user interaction and web traffic. Excited to put skills to use in a fast paced, customer focused team to ensure the highest quality experience for customers.

TECHNICAL SKILLS

PROFESSIONAL EXPERIENCE

Web Developer

2021 – 2021

AudSEO

Remote

Designed and developed SEO optimized, mobile-responsive web applications for audiology professionals and hearing care centers utilizing Wordpress, CSS3, and HTML5.

Responsibilities:

- Used Asana & TimeDoctor to organize tasks and log working hours
- Developed mock-ups from client documents provided by management team
- Created blog posts for existing clients to boost SEO ratings

Web Developer/Technical Support

2019 – 2021

Goldman Association Management

Lutz, FL

Developed and maintained multiple mobile-responsive and user-friendly websites for several non-profit dental associations utilizing Wordpress, CSS3, and HTML5.

Key Accomplishments:

- Decreased company expenses by taking over web development from 3rd party developers.
- Increased client satisfaction by rebranding/re-developing old, outdated sites.
- Created marketing emails and facebook campaigns utilizing Robly, Sendgrid, and ConstantContact
